

THE FUTURE OF IT TRADING IS HERE

Introducing the Multiven open Marketplace (MoM), the world's first blockchain-based marketplace for the global \$3 trillion IT and network hardware, software and services industry

I am an IT reseller, why should I trade on the MoM ?

- The world's first one-stop-shop blockchain commerce platform for IT and network hardware, software and services;
- Trade directly with individuals, businesses, manufacturers and retailers on a peer-to-peer basis in real time;
- Grow your revenue and profitability dramatically;
- Get paid immediately with no invoicing headaches;
- Enhanced product inventory authenticity because all MoM transactions generate an immutable Proof-of-Ownership record on the Ethereum blockchain;
- Lower your cost-of-sale with zero intermediaries and commissions;
- A \$3 Trillion market powered by one single global cryptocurrency, the Multicoins (MTC).
