

THE FUTURE OF IT TRADING IS HERE

Introducing the Multiven open Marketplace (MoM), the world's first blockchain-based marketplace for the global \$3 Trillion IT and network hardware, software and services industry

I am an investor, why should I invest in Multicoins?

- The Multiven open Marketplace (MoM) is essentially Amazon on the blockchain;
- Transaction volume on the MoM is estimated to exceed \$100 Billion by 2023;
- The Multicoin (MTC) is estimated to grow at a rate of 30X annually over the next 3 years;
- Earn interests by lending MTC on a short-term basis to traders on the MoM;
- Invest early during the pre-sale in July and enjoy a 40% bonus.
- HODL MTC to show your love for Multiven's mission of securing the future of Bitcoin and the entire crypto-currency ecosystem.

Why should I buy MultiCoins?

To buy on the MOM

Multicoin is the sole medium of exchange on the Multiven Open Marketplace.

To sell on the MOM

Both buyers and sellers will need to stake refundable Multicoins for all transactions.
